Over the last fifty years, Alumni Friends of The University of Queensland Inc. has been crucial in building the collection of the UQ Library, especially the Fryer Library.

Alumni Friends' support has been instrumental in acquiring the collections of Raphael Cilento, Dick Roughsey and Percy Trezise, David Malouf, Oodgeroo Noonucal (Kath Walker), Thea Astley, Janette Turner-Hospital, and many more unique and rare resources.

Through countless hours of volunteer work, funds raised by members of the association, including the UQ Alumni Book Fair®, are invested to support UQ's students, teachers and researchers.

We thank Alumni Friends for their generosity over five decades and look forward to continuing to build on our strong friendship into the future.
